

Certifikat guld-og sølvmetal

Vi bekræfter herved at alt vores ædelmetal i guld og sølv er såkaldt konflikt frit metal. Metallet er bl.a. indhentet fra guldsmedeproduktioner, ure, industrien og dentalbranchen m.m. Metallet fra disse produktioner affineres (renses) og genanvendes. Processen foregår i EU og overholder derved alle EU's regler for miljø, arbejdsforhold, børnearbejde m.m. Her i blandt:

OECD's regler for konfliktguld

EU-forordning af regler for konfliktminerale fra 17.5.2017

Regler og kontrol med konfliktminerale – dansk lovgivning fra 1.1.2021

FN's Global Compact

REACH

Certificate Gold and Silver metal

We certify that the precious metal of gold and silver from our stock are conflict free metal. The metals are mainly sourced from the jewellery, watchmakers, and industries. The metals from these productions are refined and reused. The refining takes place within the EU and respects therefore all laws on the environment, working conditions, child labor etc. Including:

OECD's rules for conflict gold

EU-rules for conflict minerals from 17.5.2017

Rules and control of conflict minerals - Danish legislation from 1.1.2021

UN Global Compact Principles

REACH
